

Reverse Osmosis Storage Tanks

- The most reliable RO tanks made
- The broadest line in the industry
- Meets the most demanding specifications for potable water
- Individually pressure-tested for safety
- Keeps water tasting fresh

AMTROL has been manufacturing Reverse Osmosis Water Storage Tanks for over 4 decades. Not only have we been doing it longer than anyone else, we actually invented the technology behind RO tanks.

Our proven technology, vast experience and countless other qualities are what place AMTROL high above other manufacturers with their look-alike tanks. Remember, looks can be deceiving. And in the end, you always get what you pay for.

A Heritage of trust.

- Made in USA
- Unsurpassed customer service
- Expert technical support
- ISO Certified
- All models NSF Listed
- Industry's most comprehensive five-year warranty
- AMTROL invented technology
- 4 decades
- CE

AMTROL Water Storage Tanks are built tough to last. As a result, they've long been known as the world's most reliable RO tank. Our tanks are individually-tested, making them extremely safe. They're designed to meet the most demanding specifications for potable water. No one offers a broader line of tanks than we do. So, when you're looking for an RO tank for a specific application, you can be sure we'll have it for you.

The deeper you look, the better we look.

We're just a phone call away.

Making and offering the most rugged RO tanks is all well and good. But we also have a softer side here at AMTROL. You'll encounter it each time you need to call us for customer service or technical support. When you do, you'll find it most assuring, if and when an issue arises. Here are a couple of more things you'll find easy to take with AMTROL: we offer on-time delivery and ready availability on each and every RO tank we make.

When you buy an AMTROL RO tank, you can feel confident that you're getting the absolute best tank the industry has to offer. On top of that, you're getting it from a manufacturer who is as committed to their business as it is to yours. For more information, call 401-535-1216, fax 401-884-5276, or visit us on the web at www.amtrol.com. Whether you contact us today or tomorrow, you can be sure that we'll be there for you.
