

# PINNACLE

## Whole House Water Filter & Purifier

### **KDF55 (Redox)**

Removes chlorine as well as inorganic compounds such as heavy metals (i.e., lead, mercury, arsenic, etc.) Also reduces bacterial growth within filter media. *(Listed with the U.S. EPA as a bacteriostatic device. U.S. EPA 3 54369-OH-001)*

### **Activated Carbon**

Removes free chlorine and most other volatile organic chemicals from the water.

### **Garnet**

Finer filtering next to washed quartz media base prevents other media from packing around distributor, maximizing flow rates. Also aids in even distribution of water, preventing channeling.

### **Washed Quartz**

Provides solid base for media to rest on, preventing channeling of media and maximizing flow rates.

Since 1979
